UIUX Designer

Description

Poterby Tech is a forward-thinking software development company that builds digital solutions designed to help businesses scale and innovate. We create powerful web and mobile applications that combine functionality, aesthetics, and performance.

Our culture values creativity, teamwork, and continuous improvement — and we're looking for passionate minds who can help us shape the future of digital experiences.

Responsibilities

- Conduct user research and analyze user feedback to define and refine design solutions.
- Create wireframes, user flows, storyboards, prototypes, and mockups for web and mobile products.
- Design intuitive user interfaces that enhance usability and accessibility.
- Collaborate closely with developers to ensure designs are implemented accurately and efficiently.
- Maintain brand consistency across all design projects and product interfaces.
- Stay up-to-date with current design trends, UI patterns, and best practices.
- Conduct usability testing and iterate based on feedback and performance data.
- Work within agile/scrum environments to deliver high-quality designs on schedule.

Qualifications

- 1+ years of experience as a UI/UX Designer or Product Designer.
- Strong portfolio showcasing UI/UX design projects (web and mobile).
- Proficiency in tools such as Figma, Adobe XD, or Sketch.
- Prototyping
- Basic knowledge of HTML/CSS or familiarity with development workflows is a plus.
- Excellent communication, collaboration, and problem-solving skills.
- A strong sense of ownership, creativity, and attention to detail.
- Bachelor's degree in Design, Computer Science, or a related field (or equivalent experience) is a plus.

Job Benefits

- Competitive compensation
- Flexible working hours (remote/hybrid options)
- Opportunity to work on innovative products and startups
- Growth-oriented culture with mentorship and skill development
- Collaborative and supportive team environment
